

## PICTURE HANGING KIT INSTRUCTIONS

### KIT CONTENTS

- 12 picture support plates
- Box of T-pins
- Instructions

### WEIGHT SPECIFICATIONS

The picture hanging system is designed to support a maximum of 5 pounds per plate. You may use two plates to support items weighing up to 10 pounds. Items heavier than 10 pounds require stud support behind the panel.

### INSTALLATION GUIDELINES

Install each picture support plate with six (6) T-pins at a 45-degree angle as shown below. Do not use more than two (2) plates per picture.

**CAUTION:** The Owens Corning® Basement Finishing System™ is a breathable system. Any moisture on the concrete walls will dry out through the panel. Owens Corning recommends not attaching pictures made of materials that can grow mold when exposed to moisture. This applies to perimeter walls only.
