Total Protection Roofing System^{®^} Limited Warranty*

Help protect your roofing investment for a lifetime.[△]

Protect your investment

A roofing system consists of many components — all critical to maintaining a healthy roof. When you choose Owens Corning[®] lifetime shingles (see chart) and at least three qualifying Owens Corning[®] roofing components, the Owens Corning[®] Total Protection Roofing System^{®^} Limited Warranty* protects every Owens Corning[®] component of your Total Protection Roofing System^{®^} for a lifetime.[△] It's a smart way to help protect your home as well as your roofing investment.

Peace of mind

There's more to a roof than just shingles. The Total Protection Roofing System^{®^} Limited Warranty* lets you rest easy knowing that your entire Owens Corning[®] Total Protection Roofing System^{®^} — including underlayment, hip & ridge shingles, ventilation products and more — is protected for a lifetime.[△]

Coverage

The Total Protection Roofing System^{®^} Limited Warranty* has a 10-year "non-prorated" TRU PROtection[®] period for both material defects and labor to repair or replace them. Additionally, every Owens Corning[®] roofing component, except the electrical components of the VentSure[®] Solar Attic Exhaust Fan, and VentSure[®] off-ridge exhaust vents, is covered by a limited lifetime warranty*; in many cases extending their warranty period. The Total Protection Roofing System^{®^} Limited Warranty* does not cover non-Owens Corning[®] roofing components such as flashing, fasteners, pipe boots and wood decking.

One-time transfer*

Whether you're staying in your home for years to come or planning to sell, the Total Protection Roofing System^{®^} Limited Warranty is transferable,* making it an excellent investment. If you're planning to sell, this warranty may provide a highly desirable benefit to future homebuyers.

Requirements

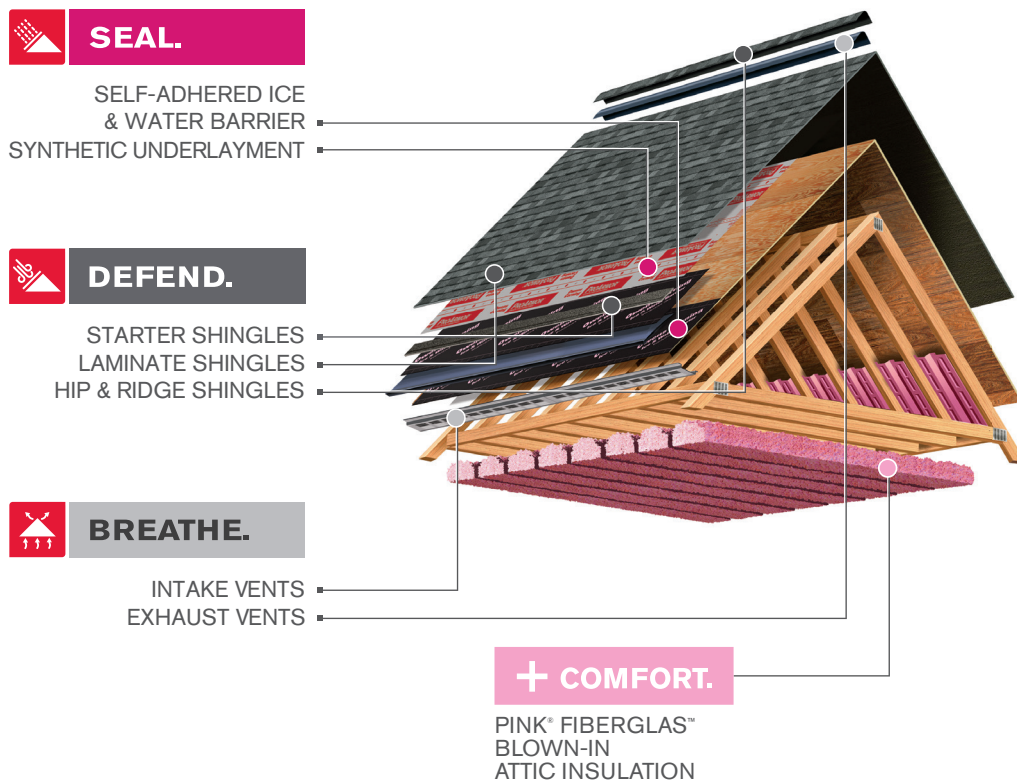

To be eligible for the Total Protection Roofing System^{®^} Limited Warranty*, you must purchase and install Owens Corning[®] lifetime shingles (see chart) with Owens Corning[®] Hip & Ridge Shingles and at least two other of the following Owens Corning[®] roofing components (one product from each category where applicable):

- Owens Corning[®] Hip & Ridge Shingles
Note: This component is **required** for all shingles with a limited Lifetime warranty* (see chart).
- Owens Corning[®] WeatherLock[®], Titanium[®] PSU30 or RhinoRoof[®] Self-Adhered Ice & Water Barrier products.
- Owens Corning[®] Underlayment products including Owens Corning[®] Deck Defense[®] High Performance Roof Underlayment, ProArmor[®] Synthetic Roof Underlayment, RhinoRoof[®] U20, Titanium[®] UDL25, Titanium[®] UDL30, or Titanium[®] UDL50 Synthetic Roof Underlayment or FIBERGLAS[™] Reinforced Felt.
- Owens Corning[®] Starter Shingle products.
- Owens Corning[®] VentSure[®] Ventilation products: If a VentSure[®] product is used it must be part of a balanced air ventilation system consisting of both functional intake and exhaust ventilation products. If a VentSure[®] intake vent AND VentSure[®] exhaust vent are both used, this will count as one of the three requirements previously mentioned.

The Total Protection Roofing System^{®^}

Total Protection Roofing System^{®^} is the name we give our system of Owens Corning[®] roofing components. The graphic below helps you see where these Owens Corning[®] roofing products are typically located on a roof deck. From beautiful, water-shedding Owens Corning[®] shingles to ventilation, ice and water deck barrier and starter shingle products, the Owens Corning[®] Total Protection Roofing System[®] is designed to increase the performance of your roof. Non-Owens Corning[®] products, such as flashing, fasteners, pipe boots and wood decking, are not covered under the terms of this warranty.
