

CompleteFlash[®] 14" High Corner Boots and End Dams

Unique 14" high inside and outside corner boots, and right, left and universal end dams.

- One-piece, preformed, injection molded, highly puncture resistant
- Boots extend above standard flashing height for faster, easier installation than traditional 8" high corner boots
- Easy to make a watertight seal with the TotalFlash[®] Cavity Wall Drainage Solution
- Made from black synthetic rubber
- Highly compatible BTL-1 butyl sealant is available from Mortar Net Solutions™
- Reduce the chances of leaks
- Eliminate the need for field fabrication
- Create a consistently formed corner every time
