

TRUMBULL B-100 SHINGLE SEALANT

Uses

Trumbull B-100 Shingle Sealant Asphalt is suitable for use on prepared roofing products to improve their sealing capability.

Description

Trumbull B-100 is formulated from selected petroleum based materials and processed to a medium softening point and hard penetration. It is supplied in 100-pound cartons or hot in tank wagons.

Typical Physical Properties

<u>Property</u>	<u>Range</u>
Color	Dark Brown to Black
Softening Point, ASTM D-36	155°F - 170°F
Penetration @ 77°F, ASTM D-5 100 grams, 5 sec.	8 – 14 dmm
Penetration @ 115°F, ASTM D-5 50 grams, 5 sec.	25 - 50 dmm
Flash Point (COC), ASTM D-92	525 °F Minimum
Solubility in Trichloroethylene, ASTM D-2042	99.0% Minimum
Specific Gravity @ 60°F, ASTM D-70	1.049 +/- 0.025
Weight/Gallon @ 60°F	8.73 +/- 0.2 lbs.
