

## TRUMBULL B-77 SHINGLE SEALANT

### Uses

Trumbull B-77 Shingle Sealant Asphalt is suitable for use on prepared roofing products to improve their sealing capability.

### Description

Trumbull B-77 is formulated from selected petroleum based materials and processed to a medium softening point and hard penetration. It is supplied in 100-pound cartons or hot in tank wagons.

### Typical Physical Properties

<u>Property</u>	<u>Range</u>
Color	Dark Brown to Black
Softening Point, ASTM D-36	160°F - 175°F
Penetration @ 77°F, ASTM D-5 100 grams, 5 sec.	14 - 24 dmm
Flash Point (COC), ASTM D-92	525 °F Minimum
Solubility in Trichloroethylene, ASTM D-2042	99.0% Minimum
Specific Gravity @ 60°F, ASTM D-70	1.034 +/- 0.025
Weight/Gallon @ 60°F	8.60 +/- 0.2 lbs.
