Introduction
Thank you for your recent purchase of Owens Corning shingles. We believe we have set forth herein.

Limited on the Transferability of

Limited Warranty on Roofing Shingles

What is Your Remedy

1. Manufacturing Defects – If the performance of your shingles is ever materially affected during the term of this warranty by a manufacturing defect, we will pay you the cost (including labor), as reasonably determined by Owens Corning, to repair, replace or recover the affected shingles, subject to certain limitations. Specifically, we will not pay for labor or related work, and we will not pay for the cost to remove or dispose of your shingles.

2. Proration of Your Remedy – If your shingles have been installed longer than twelve (12) months, we will take into account the number of months of use you have enjoyed through the date of the claim, and reduce the amount of your payment to you accordingly. That is, we will prorate the amount of your payment through the date of the claim. For example: If you have a forty-year warranty (480 months) and you make your claim in the last month of the 50th year of the warranty (i.e., the 60th month), we would pay you 12/480* of the reasonable cost to repair, replace or recover your shingles.

3. Alternative Remedy – There may be certain circumstances where Owens Corning will elect to provide you with replacement shingles rather than providing you with the payment described above. Therefore, we reserve the right to provide such replacement shingles as an alternative remedy at our sole reasonable discretion.

What About Wind Resistance
Your shingles contain strips of asphalt sealant that require direct warm sunlight for several days in order to seal properly. If your shingles are installed during a period of cool weather, they may not adequately seal until the season changes or the weather warms, and if your shingles never receive direct sunlight or are not exposed to adequate surface temperature, they may never seal. Prior to sealing, your shingles are more vulnerable to blow-offs and wind damage. This is true that the Warranty on these products cannot be transferred to a purchaser of your home.

How Long are You Covered
The duration of your warranty depends on the type of shingles you purchased. See the chart at the end of this warranty for the specific warranty period that applies to your shingles.

What is Covered
We warrant that your Owens Corning shingles are free from any manufacturing defects that materially affect their performance on your roof.

What is Not Covered
Damage to the product due to any cause not expressly covered herein. After our shingles leave our manufacturing facility, they are subjected to conditions and handling beyond our control that could affect their performance. This warranty does not cover any problems with non-defective shingles caused by conditions or handling beyond our control. Some examples of conditions not covered by this warranty include:

1. Act of God (hail storms, heavy rains, wind, etc.)

2. Frost on your roof or damage caused by causes not covered under the section “What About Algae Resistance” that follows.

3. Improper or faulty installation of your shingles – installation must be in accordance with our written installation instructions.

4. Discoloration caused by algae, fungi, lichens or cyanobacteria (unless covered under the section “What About Algae Resistance” that follows).

5. Inadequate ventilation or roof drainage. If you have any questions about appropriate ventilation requirements, please contact us at 1-866-ROOFING.

6. Settlement of the structure of your home or building or cracking of the deck over which your shingles are installed.

7. Damage caused by third parties or after completion of application, including structural changes, equipment installation, painting, or the application of cleaning solutions, coatings, or other modifications.

8. Any costs that you incur which are not authorized in advance by Owens Corning.

Replacement Shingle Variations
As a result of our ongoing efforts to improve and enhance our shingle product line, we reserve the right to discontinue or modify any product, including their colors. If we are aware that any warranty claims may arise in the future, we may discontinue or modify any replacement shingles that you receive for color or style because of normal weathering or changes in our product line. You should understand that if we replace any of your shingles under this warranty, we reserve the right to provide you with substitute shingles that are comparable only in quality and price to your original shingles.

Claims Process
To make a claim under this warranty, you need to do so within thirty (30) days after you discover the problem. Just call us at 1-866-ROOFING or even as a letter addressed to Owens Corning, Customer Response Center, One Owens Corning Parkway, Toledo, Ohio 43699. Explain the problem and include proof of purchase for the shingles and the dates they were installed on your roof. Shortly after we receive your communication, we will contact you regarding your claim and will work through the entire process. To fully evaluate your claim, we may ask you to provide, at your expense, pictures of your shingles and/or sample shingles for us to test. If you have any questions, do not hesitate to write to us at the address above, call 1-866-ROOFING or visit our Web site at www.owenscorning.com.

ANY IMPLIED WARRANTY, INCLUDING THE IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE, IS LIMITED IN DURATION TO THE EXPRESS WARRANTY PROVIDED ABOVE UNLESS A SHORTER PERIOD IS PERMITTED BY LAW.

YOUR REMEDY FOR DEFECTIVE shingles IS FULLY DESCRIBED IN THE PRECEDING SECTION. "WHAT IS NOT COVERED." YOU ARE NOT ENTITLED TO ANYTHING MORE THAN WHAT IS DESCRIBED IN THIS SECTION UNLESS OTHERWISE COVERED BY THE OPTIONAL OWENS CORNING ROOFING SYSTEM ADVANTAGE LIMITED WARRANTY. WE ARE NOT RESPONSIBLE FOR ANY CONSEQUENTIAL OR INCIDENTAL DAMAGES, INCLUDING DAMAGES TO YOUR HOME'S CONTENTS.
