

PROCAT[®]

GROW YOUR BUSINESS

INSULATION SYSTEMS DONE RIGHT

Grow your remodeling business with the ProCat[®] Professional Loosefill Insulation System. Today, approximately 90% of existing U.S. single-family homes are underinsulated,¹ meaning most of your existing remodeling jobs have untapped potential. Help grow your business with the first system from Owens Corning designed for the professional remodeler — and help make your customers more comfortable while lowering their monthly heating and cooling costs.²

ONLY THE BEST FOR PROFESSIONALS

The ProCat® Professional Loosefill Insulation System provides the following benefits:

- **Fast** - One bag covers 80.6 sq. ft. per bag @ R-30 in as little as four minutes
- **Clean** - Low dust and static formula
- **Controllable** - Installs high density insulation for better performance at the attic eaves with reduced blow-back
 - Makes installation easy, accurate, and safe
 - Dials in the R-value for retrofit walls through one 2"-3" hole, without risk of over-packing

Insulation + ventilation + air sealing helps keep
excessive moisture and heat out =
**PROPER CONDITIONS AND TEMPERATURES
THROUGHOUT THE YEAR.**

SET YOURSELF APART FROM THE COMPETITION

It's not all about what you see — you need to bring the insulation in the home up-to-date, too. With the ProCat® machine and insulation, your customers will experience advanced thermal performance — making their homes more comfortable, quieter places. The ProCat® Professional Loosefill Insulation System helps grow your business, while providing you marketable benefits.
