

## Software Designed to Manage and Grow Your Roofing Business

### Take Your Company to the Next Level with AccuLynx.

AccuLynx is the one tool you need to manage and grow your roofing business. It's packed with powerful features built to streamline your processes, boost your profits, and help you deliver superior service.

### Why try it?

AccuLynx helps you stay organized, actively manage your sales pipeline, work smarter from the field, understand the performance of your business, and much more.

- Kick your sales into high gear with all your activities, correspondence, documents and tasks at your fingertips.
- Build customized estimates in seconds.
- See how your jobs are progressing as they move through different milestones.
- Schedule material deliveries and labor crews and keep track of production tasks.
- Automatically store communications and documents in your job file, and even take photos of a job right from the app.
- Generate reports to measure performance.
