2021 SHINGLE COLOR OF THE YEAR

# AGED COPPER

a serene spectrum of  
*nature-  
inspired*  
color

Make your home a rich retreat of calming color. Earthy elements of deep orange, sage and brown granules mix together to create a warm, welcoming look. All TruDefinition® Duration® Designer Colors Collection shingles come with the advanced performance of patented SureNail® Technology, tough enough to weather the elements, year round. Experience a sanctuary of color that seamlessly integrates the expansive beauty of nature.

Premium performance. Lasting style.

Before

## SureNail® Technology

There's a line between a good shingle and a great shingle.®

It's the nailing line on your shingles. The difference between a good shingle and a great shingle is having patented SureNail® Technology, only from Owens Corning.

### Outstanding Grip

The SureNail® strip enhances the already amazing grip of our proprietary Tru-Bond™ sealant for exceptional wind resistance of a 130-MPH wind warranty.\*

### Breakthrough Design

Patented SureNail® Technology™ is the first and only reinforced nailing zone on the face of the shingle.

### "No Guess" Wide Nailing Zone

This tough, engineered woven-fabric strip is embedded in the shingle to create an easy-to-see strong, durable fastener zone.

For more information and to watch our videos on SureNail® Technology, go to [www.owenscorning.com/surenail](http://www.owenscorning.com/surenail).

SureNail® features up to a 200% wider bond between the shingle layers in the nailing zone™ over standard shingles.

\*Wind warranty based on use of SureNail® Technology only. See Product Data Sheet for details. \*\*Wind warranty based on use of SureNail® Technology and Tru-Bond® sealant only. See Product Data Sheet for details.

## SEAL. DEFEND. BREATHE.

TOTAL PROTECTION ROOFING SYSTEM™

It takes more than just shingles to protect a home. It takes an integrated system of components and layers designed to perform in three critical areas. The Owens Corning® Total Protection Roofing System®<sup>®</sup> gives you the assurance that all of your Owens Corning® roofing components are working together to help increase the performance of your roof.

ASTM E108/UL 790 (Class A Fire Resistance)

Florida Product Approval

ICC-ES AC438#

Miami-Dade County Product Approval\$

PRI ER 1378E01

## Owens Corning® Hip & Ridge Shingles

Owens Corning® Hip & Ridge shingles are uniquely color matched to the *TruDefinition Duration* Designer Colors Collection Shingles. The multiple color blends are only available from Owens Corning Roofing and offer a finished look for your roof.

Blended

Traditional

Owens Corning strives to accurately reproduce photographs of shingles. Due to manufacturing variances, the limitations of the printing process and the variations in natural lighting, actual shingle colors and granule blends may vary from the photo. The pitch of your roof can also impact how a shingle looks on your home. We suggest that you view a roofing display or several shingles to get a better idea of the actual color. To accurately judge your shingle and color choice, we recommend that you view it on an actual roof with a pitch similar to your own roof prior to making your final selection. Color availability subject to change without notice. Ask your professional roofing contractor for samples of colors available in your area.

\* See actual warranty for complete details, limitations and requirements.

\*\*Tru-Bond® is a proprietary premium weathering-grade asphalt sealant that is blended by Owens Corning Roofing and Asphalt, LLC.

†† The amount of Triple Layer Protection\* may vary on a shingle-to-shingle basis.

For patent information, please visit [www.owenscorning.com/patents](http://www.owenscorning.com/patents).

SureNail® Technology is not a guarantee of performance in all weather conditions.

SureNail® Technology is available only on Owens Corning Duration® Series Shingles.

‡ 40-Year Limited Warranty on commercial projects.

\$ Applies for all areas that recognize Miami-Dade Product Control Section.

# International Code Council Evaluation Services Acceptance Criteria for Alternative Asphalt Shingles.

\* Excludes non-Owens Corning® roofing products such as flashing, fasteners and wood decking.
