

PANEL

These products are often used in the production of panels with applications in the **Transportation** (RV, Heavy Truck, Automotive, etc.), **Building & Construction** (Skylights, Greenhouses, Decorative Panels, etc.), and **Infrastructure markets**. Important characteristics of these products include processing efficiency (unwinding and chopping, flat lay-down, uniform dispersion, etc.), improved aesthetics, and mechanical performance. These products are produced with corrosion-resistant Advantex® E-CR glass by Owens Corning. Please consult with Owens Corning on optimal compatibility with resin systems, specific application, etc.
