

SPRAY-UP & OPEN MOLD

These products are often used in the spray-up and open mold processes with a variety of applications, including marine, truck caps, vehicle body parts, bath tubs, showers, spas, tanks, and applications with large parts, complex molds, or sharp curvatures. Important characteristics of these products include the following: processing efficiency (chopping, roll-out, lay-down, etc.), reduced cost, mechanical performance, and surface aesthetics. These products are produced with corrosion-resistant Advantex® E-CR glass by Owens Corning. Please consult with Owens Corning on optimal compatibility with resin systems, specific application, etc.
