

MADE LIKE NO OTHER

Advanced fibre technology makes PINK NEXT GEN™ FIBERGLAS® Insulation softer on the outside, stiffer on the inside, so it's more comfortable to touch and faster to install.

MAKING HOME A BETTER PLACE TO BE™

PINK NEXT GEN™ FIBERGLAS® Insulation is one part of a complete portfolio of whole-home solutions from Owens Corning that make home a better place to be.

The Right Choice™
for the way you live
and work today.

Owens Corning® PINK NEXT GEN™ FIBERGLAS® Insulation is made for a new generation, with advanced fibre technology and safe, proven ingredients. It's the new standard. And the right choice for precision, comfort, safety and sustainability.

DELIVER THE
BEST VALUE

FEELS SAFE AND
COMFORTABLE

For people who insist on safe, proven materials, demand clean, precise results and work to create comfortable indoor environments while respecting the natural environment we all share.

PRECISION

Made with advanced fibre technology for faster install that passes inspection.

- Faster install—fills cavities completely without fluffing or compression
- Cuts with one pass—less clumps and chunks
- Visibly superior texture—smooth uniform surface inspectors look for

COMFORT

Shed-resistant insulation stays on the batt—not on you.

- Feels soft as cotton—more comfortable to handle and install
- Creates less dust—less mess and faster clean up
- Preferred by crews over current product²

SAFETY

No insulation material is more tested—no brand is more trusted.

- 99% safer fire performance and no fire retardants added to fiberglass¹
- Healthy choice for insulating—safe for installers and residents
- Safe, proven ingredients—supports a healthier home environment

SUSTAINABILITY

Proven performance that makes a positive impact on the environment.

- Made with 100% wind-powered electricity³
- Industry's highest recycled content—helps minimize waste⁴
