**CUTS CLEAN
WITH 1 PASS**

Give them the edge with advanced fibre technology.

- **INCREASE EFFICIENCY**
Improved packaging sits squarely for tight, neat stacks and easy handling
- **CUTS CLEAN**
Cuts smoothly with a single pass with fewer clumps and chunks
- **FASTER INSTALL**
Saves time on the job site, helps make crews more productive
- **PASSES INSPECTION**
Superior texture and smooth, uniform surface
- **HAPPY CREWS**
Shed-resistant insulation feels soft as cotton and creates less dust

¹ Installation time trials conducted by Owens Corning with independent installers, February/March 2021. Does not include supporting tasks required for insulation install.

² Market study conducted by Protobrand, commissioned by Owens Corning, June 2022.

³ Owens Corning sponsored research among home builders through Home Innovation Research Labs Builder Panel, April 2019. Based on the open-end question: What one brand of insulation would you TRUST MOST to use in the new homes you build?
