PROPINK FASTBATT®

IT'S SMART TO THINK PINK®

At Owens Corning, we're always looking for new ways to improve products—and to make them as user-friendly as possible. We believe it's our job to make your job straightforward and hassle-free. Which is another reason why It's Smart to Think PINK®. With Owens Corning, you can always count on innovative products that are simple to use and are of the best quality.

PROPINK FastBatt® insulation batts are designed for friction-fit application. Which makes them faster and easier to install.

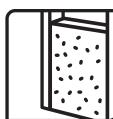

Eliminates the need for stapling

Flangeless material installs 40% faster per cavity

Reduces installation costs and time investment

Flangeless material is easier to install and requires less touches from the installer

Improves profitability

Flangeless material enables first pass inspection due to flat surface*

Plus, our installed batts look more attractive – something your customers will definitely appreciate.
